CHURCH ACTIVITIES

This page sponsored by Think Indian Club of Palos Verdes.

1972

1971-1972
It Was A Very Good Year -

We started the school year as a fully accredited school.

We won the Miss Personality contest for the best presentation of our Queen in competition with all the high schools in this area.

A Congressional hearing on Indian Education headed by Congressman Meade (Washington) and Veysey (California) was held at our school.

We were accepted as one of thirty one schools in the United States, Canada, and Germany as a member of the Model Schools Project. This project is in connection with the National Association of Secondary School Principals.

We began the Model Schools Projects with emphasis on individual instruction in reading, science, typing, math and art.

A top-notch after school program in recreation and arts and crafts has substantially reduced the number of drop-outs.

A second reading lab was established.

The reading lab headed by Mrs. Ruby Shepherd was selected as a site visit as an exemplary compensatory education project under the Office of Education (HEW) and Columbia University.

Cross Country Team won the CIF (Southern Section) Championship - placed fifth in state.

Girls' Bowling Team won the championship in the GESP League.

Girls' Basketball Team (on going to press) are tied for first place in the Inland Valley League.

As we go to press we wish to take this opportunity to thank the many people who made this book possible --- to our many friends who sponsored us, to the ASB, Mrs. Brenn, Mr. Jones, Mrs. Morgan, and many others who cooperated. If we left you out please believe that it was not intentional.
